1

1.1 Determine the location of where the fixture will be installed. Lay the fixture on the surface, and make reference marks for the mounting brackets. Make marks 4" from each end of the fixture and also every 30" in between.

1.2

1.2 Lay the fixed or adjustable mounting bracket (depends on model ordered) onto the mark points and secure using the provided hardware.

2

2.1

2.1 Snap fixture into the brackets to secure in place.

2.2

2.2 Remove the protective film from the diffuser lens.

2.3

2.3 Follow steps below to connect the fixture to the power supply. Feed wire leads to the power supply.

3

3.1

3.1 Follow RGB controller & receiver instructions for all wiring connections. Refer to the diagram for the needed components.
